

COUNTRY **Media Pack** GARDENER

www.countrygardener.co.uk  

2026

For more than a quarter of a century Country Gardener magazine has earned a much-loved place in the hearts of gardening lovers throughout the Cotswolds and southwest of England.

It is both much loved and widely regarded and respected for its authoritative writing, features and gardening coverage and close relationships with its readers.

If you are looking to break into the **flourishing gardening marketplace** which is now estimated to have increased in value 22 percent in the last three years or just want to make more of raising the profile of your company or product to gardeners, then **Country Gardener is still very much the place to be.**

For 2026 we have made changes to ensure the long-term future of the magazine, improve the speed of its distribution and provide our readers with an improved better quality free magazine- more pages and more expert gardening coverage.

Some things will stay the same.

Supported by a publishing history of over 25 years, the magazine will still have the **largest circulation of any free gardening magazine in the UK.**

It will still be produced **nine times a year.**

We will still inspire and inform readers wherever they live by offering a **rich editorial mix of places, plants and people.** We

will continue to support advertising spend with editorial support.

Circulation varies seasonally with the main gardening season **circulating 100,000 copies** which are distributed to over 430 outlets where gardeners visit regularly.

Here is the change. For 2026 **Country Gardener will be produced as one edition covering the whole of our area** and incorporating both local and national pages.

The single edition will mean we can get the magazines out to our outlets and **in the hands of readers more quickly** and each of the nine issues will be a **bigger more impressive magazine.** Gardening features will be supported by an increasing amount of **local coverage of gardening events, shows, gardens open to visit and local news.** **New county-specific sections** will help readers navigate straight to the local suppliers, events and attractions within their own county or a county they are planning to visit.

Every copy of this hugely popular and colourful specialist gardening magazine is snapped up from an established network of gardening and local outlets.

All advertising within the Country Gardener's print version is also replicated online with digital copies available to view and download at www.countrygardener.co.uk

WHAT OUR READERS SAY

"The best gardening magazine on the market better even than its higher expensive titles. I love it because it is so well written and informative and basic down to earth gardening advice!"

JEREMY HEFFORD
Minehead

"My family and I appreciate the magazine and feel we are so lucky to have it. We drive to our garden centre five miles away to pick it up but it is a labour of love. This year we have visited about five gardens based on its views and have never been disappointed."

MARY DAVIS
Dawlish

"I am proud to be a regular reader of the magazine. It is kindly delivered to our gardening club where there is a real rush to pick it up and devour it. We all love it and couldn't do without it."

DOREEN PALMER
Barnstaple

"I was a professional gardener for most of my adult life and spent many years at Knightshayes and then Overbecks in Devon. Since I retired I've kept gardening at home and have really enjoyed *Country Gardener*. I can speak for its accuracy on all things horticultural and good writing. It is now the only gardening magazine I bother with now."

PETER FENTON
Barnstaple

"All our garden club members want a copy and sometimes it's not that easy to get one. They run out so quickly. I think the word goes out that its available and all us gardeners go on the warpath for it. Seriously thanks for it. It's a real delight and gives me lots of ideas and things I need to buy."
